

Summer Workshop 2024

Aging Management for Human Resources and Equipment

Ljubljana, Slovenia

June 3rd -7th, 2024

The ETSON JSP Summer Workshop is an annual networking event of young professionals from Technical Safety Organizations (TSOs). The program comprises presentations given by participants, interactive group work and moderated workshops on a specific topic.

The Summer Workshop encourages inter-cultural interaction, exchange of expert knowledge and good practices and provides participants a good opportunity to widen their professional network.

Participation in the Workshop is free of charge. Participants must be nominated by ETSON member organizations and should have basic knowledge of nuclear safety concepts and methodologies. Candidates are encouraged to contact their local ETSON JSP Delegate (information available at: <http://www.etson.eu/jsp>).

Venue

The workshop will be held at the Jožef Stefan Institute, Ljubljana, Slovenia. Ljubljana is primarily served by the Ljubljana Airport and complemented by five cross-border airports (Graz, Klagenfurt, Trieste, Venice, Zagreb) in the region. Further local information and guidance will be provided closer to the workshop.

Wednesday Workshop Dinner is included. Participants are responsible for their own travel, meal and accommodation costs.

Please arrive on Sunday evening for a Monday morning start; departure will be on Friday afternoon.

Technical Tours

A technical visit of TRIGA research reactor, laboratories and exhibition is planned for Friday, 7th June.

Accommodation

Recommendations for accommodation will be provided shortly.

For further information, please contact: Janez Kokalj (janez.kokalj@ijs.si)
