

## Summer Workshop 2022

### Radioactive material dissemination – sea and atmosphere Radioactive waste

Cherbourg - France

October 24-28, 2022

The ETSON JSP Summer Workshop is an annual networking event of young professionals from Technical Safety Organizations. Technical program comprises presentations given by participants, interactive group work and moderated workshops on a specific topic.

The Summer Workshop encourages intercultural interaction, exchange of expert knowledge and good practices and provides to participants a good opportunity to widen their professional network.

Participation to the Workshop is free of charge. Participants must be nominated by ETSON member organizations and should have basic knowledge of nuclear safety concepts and methodologies. Candidates are encouraged to contact local ETSON JSP Delegates (information available at: <http://www.etson.eu/jsp>).

#### Venue

The Workshop will be held in Cherbourg, town located approx. 200 km distance from Paris. From Paris, Cherbourg can be reached by train (3 hours 30mn) through Saint-Lazare Station. The meetings will take place at the LE CERCLE Hotel in the center of Cherbourg.

Lunch is included, and transport for the technical tour on Wednesday. You cover travel, dinner and accommodation.

Please arrive on Sunday evening; departure will be on Friday afternoon.

#### Technical Tours

A technical visit of ORANO / high activity waste vitrification and ANDRA low activity waste repository is foreseen.

A visit of the « La Cité de la mer » will allow for a better approach with the marine environment.
